

# Achieve consistent flow rates during ovum aspiration.

Disposable Vacuum Line and Filter

## Cook Aspiration Unit™

Specifically designed for ovum aspiration, the Cook Aspiration Unit is a precision-built, regulated vacuum pump. It features rapid suction response at the needle tip when the foot pedal is activated and can hold a constant vacuum setting.

## Cook Aspiration Unit™

- The aspiration unit is ultra-quiet and vibration-free.
- An adjustable tone indicates when suction is applied.
- The foot pedal allows hands-free operation.
- The easy-to-read LED display indicates the vacuum's pressure.
- The pressure is given in mmHg or kPa.
- The aspiration unit includes a disposable vacuum line with a hydrophobic filter and a foot pedal actuator.

Order Number	Reference Part Number

Some products or part numbers may not be available in all markets. Contact your local Cook representative or Customer Service for details.

## Disposable Vacuum Line and Filter

- The Cook Disposable Vacuum Line and Filter features a hydrophobic filter that helps prevent contamination of the aspiration pump during procedures.
- The disposable vacuum line simplifies the connection of the pump to the aspiration needle by using a universal Luer lock fitting, which is also included on all Cook ovum aspiration needles.
