

ONE CLIP

Infinite Possibilities

Instinct™
ENDOSCOPIC HEMOCLIP

During critical hemostasis procedures, you want a clip that can be simply and confidently controlled. With a handle and clip that function intuitively, the Instinct gives you complete control with 360-degree rotation for precise clip orientation. Featuring the widest span on the market, the Instinct is totally adjustable with anchoring tips so that you can securely grasp as much or as little tissue as you need. Instinct Endoscopic Hemoclip—The one clip for all your clipping needs.

cookmedical.com

Instinct™

ENDOSCOPIC HEMOCLIP

Used for endoscopic clip placement within the gastrointestinal tract for the purpose of endoscopic marking, hemostasis for mucosal/sub-mucosal defects less than 3 cm in the upper GI tract, bleeding ulcers, arteries less than 2 mm, and polyps less than 1.5 cm in diameter in the GI tract. This device is not intended for the repair of GI tract luminal perforations.

Supplied sterile and is disposable – intended for single use only.

- Widest on the market and fully adjustable so you can securely grasp as much, or as little, tissue as your procedure requires
- Distinctive anchoring tips improve your tissue grasping capability while the robust, nitinol reinforced jaws give you added stability
- Intuitive 360° bidirectional rotation for precise clip placement
- MR Conditional per ASTM F2503
